

WHAT WE DO

- **Protect people, assets and operations** in hazardous areas and potentially explosive atmospheres.
- **Deployable Protective Infrastructure** – Dynamic Air Shelters (DAS) for blast-resistant protection of personnel, vehicles and equipment.
- **EEHA & IECEx Services** – inspection, maintenance, compliance, repair and overhaul of Ex equipment.
- **Hazardous Area Solutions** – pressurised habitats, Ex equipment, air-conditioning, ventilation and temporary infrastructure.

OUR CLIENTS

- Trusted across Defence, energy, resources and critical infrastructure.
- Major operators and contractors operating in complex, remote and hazardous areas.
- Deployed personnel, maintenance teams, engineering units, logistics/support operations and operators of critical assets.

WHY USE US?

- **One specialist partner** – engineering, equipment, deployment and ongoing technical support.
- **Rapid deployment** – solutions designed for demanding operational and remote environments.
- **Australian capability** – local teams, facilities and technical expertise.
- **Proven at scale** – experience delivering complex projects in high-risk operating environments.
- **Operational outcomes** – protect personnel while helping operations continue safely and efficiently.

ACCREDITATIONS

IECEx Certified

- IECEx XRT S0005
- IECEx XRT S0010
- IECEx XRT S0011

IRATA Member

Inlex — Member No. 4087/O

DNV Certified Management Systems

- ISO 9001 — Quality Management
- ISO 14001 — Environmental Management
- ISO 45001 — Occupational Health & Safety

PROTECTION

THAT MOVES WITH THE MISSION

WHAT IS DAS?

DAS is a **rapidly deployable, blast-resistant shelter** designed for defence operations in high-risk and explosive environments. It delivers scalable, modular infrastructure supporting operational and logistics functions while enhancing protection of personnel and critical capability.

ENGINEERED FOR
EXTREME
ENVIRONMENTS

- ✓ BLAST-RESISTANT STRUCTURAL DESIGN
- ✓ EXTREME WEATHER & CLIMATE PROTECTION
- ✓ RAPID DEPLOYMENT & RECONFIGURATION

Modular and scalable from
10m to 100m in length

DAS

USE CASES

DEPLOYMENT BARRACKS

MOBILE HOSPITAL WARDS

COMMAND POSTS

VEHICLE REPAIR & MAINTENANCE

STORAGE & WAREHOUSING

OFFICE / MEETING SPACES
