

Build with confidence, anywhere.

Capabilities

WITH OVER 40 YEARS OF DEFENCE DELIVERY EXPERIENCE, SITZLER DELIVERS COMPLEX VERTICAL AND CIVIL CONSTRUCTION PROJECTS ACROSS NORTHERN, SOUTH AND WESTERN AUSTRALIA.

- Training areas and ranges
- Secure facilities and SCIFs
- Explosive ordnance processing and storage facilities
- Aircraft hangars
- Rigid and flexible pavements
- Storage and maintenance facilities for vehicle-based air defence capabilities
- Fuel infrastructure
- Deployable facilities
- Civil construction (self-performing)

Differentiators

- 100% privately-owned, Australian company with a flat management structure
- Quick decision making without unnecessary silos or red tape
- Personnel - 95% Australian citizens with security clearances from Baseline to NV2
- Strong veteran workforce
- Remote and cyclonic region construction specialists
- One of the largest deployable civil fleets in northern Australia
- Long tenure, agile workforce
